

Research Plan for Group Project

Research objectives	1. To learn about the Joy Economy Trend, characteristics, drivers of the trend, and trend adopting businesses. 2. To understand the target customer's motivation, lifestyle, problems in their life 3. To propose a business opportunity (product or service) that aligns with this trend, that would fulfil their joy finding and that solve their problems that drive joy finding behaviors.
Secondary research findings	• Summarize background/trends from secondary research (e.g. Mintel, media articles, social media). Why does this trend arise? • Customer characteristics, different segments • Existing products/services related to the joy economy in Thailand/Global • Remaining problems/unmet needs (optional, will get from primary research) Initial References (search more) 1. https://thestandard.co/the_secret_sauce/marketing-trends-2026-consumer-behavior-joy-economy/ 2. https://www.forbes.com/sites/katehardcastle/2025/12/15/2026-the-year-of-the-joy-finders/
Primary research	- Who will be your target segment your group finds interesting (not recommend all group to choose genz, university students) - How/Where would you find and recruit them?
Interview guideline (questions to ask them)	List main questions you are going to ask interviewees

Observing existing platforms (social listening)	Interesting insights from consumers' online comments/posts

15-min Presentation Outline (For final presentation in week 12)

Objective: To develop a sound marketing plan to introduce this new product to the market

1. Describe characteristics of the target customer

---> demographic (age, gender, occupation, income)

---> psychographic (lifestyle, motivation)

---> behavioral (spending, usage)

→ identify their pain points, concerns, unmet needs

2. Details of the product

- Product/service characteristics

- Brand position

- Brand name and meaning

- For a product, packaging and labeling design (show graphic design)

- For a service, show the graphic to illustrate the layout, atmospherics, mood/tone, activities

3. Marketing strategies

- Suggested price and price strategies

- Distribution channels

- Key message and communication channel

- For service business, you can also propose beyond 4P (physical evidence, process, people)
